

THE FIRST IMMANUEL 2K EXPERIENCE

Educating the **WHOLE** child

ACADEMICALLY, ARTISTICALLY, PHYSICALLY, SOCIALLY AND SPIRITUALLY

“The 2K program at First Immanuel provides a wonderful place for my child to learn, play and be social in a safe, fun environment. The teachers go above and beyond to care for my little one.” - FILS 2K Parent

RELIGION

- We include Christian values in all we do throughout our day by our words and actions.
- We encourage the children to follow in His footsteps.
- We do a Bible story each week and talk about the meaning of these Bible stories.

EMERGING LANGUAGE & LITERACY

- We encourage a positive literacy experience during our Circle Time with reading books to the children that support the letter of the week, our Bible story of the week, and many more fun stories!

EARLY WRITING PREPARATION

- Your child is given early writing experience through our use of coloring pages, creating crafts with different mediums, and building the necessary muscles through different activities such as Play-Doh and manipulative centers to be ready to learn how to write.

LARGE MOTOR DEVELOPMENT

- Weather permitting, we are able to enhance your child’s large motor activity by exploring the outdoors.
- We also utilize the gymnasium to help build their growing muscles and coordination.

EARLY MATH

- With our daily counting, number activities, and circle time we are able to give your child an early start to their math experience.

ART

- We have fun creating projects using a variety of different art supplies. It is fun to see all of the different things that we can create!

MUSIC

- Within our daily routine we offer musical experiences through singing, musical instruments, learning Bible songs, and dancing.

PLAY

- We offer lots of opportunities for play in our 2K! This helps to build our Social/ Emotional development and creativity/ Imagination!
- Some of the things we use for this are dramatic play areas like the kitchen, large motor play with stepping stones and paths, and imaginative building with different blocks and magna tiles.
